REPORTS

The Committee briefly discussed the water supply issue that the Village will face in the near future. The agreement currently in place, with Teck supplying Warfield with water, comes to an end in 9 years. The Committee discussed the various options open to the Village, and asked staff to draft a letter that could be sent to our nearby municipal neighbours. Staff was instructed to discuss this matter with the IOCP facilitator and the Mayor.

Council also discussed the letter received from Mr. Ron Proulx. He is concerned that the property located on Whitman Way, owned by K2 Construction has turned into a garbage dump. Council discussed this issue at length. Staff was instructed to update the Ministry of the Environment about the fact that the lot was filling up with construction waste, which could potentially pollute the soil.

Adjournment

On a motion by Councillor Ferraro the meeting adjourned at 6:55 p.m.

I hereby certify the preceding to be a true and correct account of the Committee of the Whole Council held on November 2nd, 2016.
