REPORTS

Tjaart Van den Berg from LandInfo Technologies Inc. made a presentation of the Village's new Web Mobile GIS mapping application. Tjaart also discussed the fact that the system could produce a spreadsheet that will provide current value of the sewer, water, and storm sewer system as well as the replacement value of those systems. This provides information required by our Asset Management System.

Adjournment On a motion by Councillor Ferraro the meeting adjourned at 6:55 p.m.

I hereby certify the preceding to be a true and correct account of the Committee of the Whole Council held on April 4th, 2017.
