

Village of Warfield

TRUCK AND SMALL EQUIPMENT RENTAL FORM AND AGREEMENT

It is the policy of the Village to permit Warfield residents to rent the Village's Dump Truck and other Small Equipment (ie. Power Sweeper) on a restricted and conditional basis for the purposes of cleaning up their properties by removing unwanted materials, branches, brush or other materials.

| NAME OF RENTER: _____ | |
| RESIDENTIAL ADDRESS: _____ | |
| PHONE NUMBER: _____ | |
| DATE OF DELIVERY/PICK-UP: _____ | |
| RENTAL TYPE: | FEE: |
| Dump Truck <input type="checkbox"/> Check Box | \$100.00 (+Tipping Fee) |
| Small Equipment <input type="checkbox"/> Check Box _____ (Specify) | \$ 60.00 |

Terms & Conditions for use of Village Dump Truck and other Village Small Equipment:

- The use of the truck/equipment is restricted to personal non-commercial use of Village residents.
- The use of the truck/equipment is limited to hours and days outside of the regular work week.
- Materials placed in the truck dump box must be totally within the dump box and do not protrude.
- Loading the truck must be done in such a manner, so that when the truck box is raised to dump the materials slide freely and does not 'hang-up' on the end gate of the dump box.
- Residents using the truck are charged a flat fee of \$100.00, plus any imposed Regional District tipping fees.
- The truck will be left at a designated location at the end of the work week (normally Friday afternoon) and picked up at the start of the work week (normally Monday morning)
- Should a resident request to have the truck dumped during the weekend the resident will be charged, in addition to the \$100.00 flat fee and the tipping fees, the four (4) hour call-out rate for the employee.
- Additional fees will be levied if Village employees have to unload the truck by hand.
- Small equipment must be returned in the condition they were on delivery / pick-up. If damaged, resident will be responsible for the cost of repair and/or replacement of equipment.

To ensure that this service remains available to all residents it is important to remember that the truck needs to be unloaded quickly and easily. If the load hangs up on the end gate during dumping, it becomes necessary to unload the truck by hand. Such work is time consuming and reduces the employees' time available to complete other Village duties.
